Management of Change Manager

Management of Change (MOC) Manager is an enterprise level collaborative tool to manage changes. Evaluated as the *"One of The Best MOC Collaborative Tools Available".* MOC manages changes in the regulated process, changes in quality standards or any type of change that merits control. MOC Manager can be used to demonstrate compliance with regulations like PSM, RMP and SPCC. MOC Manager is versatile and user friendly with user configurable workflows, MOC types, action items and look-up lists. Works with any browser. No ActiveX objects used.
